

# Invisible fiber. Visible benefits.

## Sunfiber®

Tasteless, colorless and odorless, Sunfiber® has no visible affect on your product but significantly boosts its health benefits. This all-natural, soluble dietary fiber improves functionality in foods and beverages. It delivers high fiber content and exhibits excellent stability with respect to pH, heat and freeze/thaw conditions. Sunfiber is clinically proven to lower glycemic index, improve mineral absorption, inhibit gas production and control symptoms of IBS (Irritable Bowel Syndrome). If you want all the benefits of fiber with none of the negatives, your only choice is Sunfiber. **For more information, contact us at [sales@taiyoint.com](mailto:sales@taiyoint.com) or (763) 398-3003.**
