

Finally, an iron supplement both can stomach.

## SunActive<sup>®</sup> Fe

Taiyo presents SunActive<sup>®</sup> Fe, a revolutionary iron fortifier that meets your needs for stability, taste, safety and bioavailability. Not only does SunActive Fe disperse insoluble iron into liquids with no precipitation, it is also stable against heat, salt, pH and oxidation. Most importantly, it leaves no unpleasant iron flavor, no change in color, is mild on the digestive system and has superior iron bioavailability. Winner of the Most Innovative Food Ingredient Award from FIE and recipient of the NutrAward for Best New Product at Nutracon. **For more information, contact us at [sales@taiyoint.com](mailto:sales@taiyoint.com) or (763) 398-3003.**
