

A man in a white shirt and dark trousers is walking a black dog on a leash along a sandy beach. The ocean is in the background under a blue sky with scattered clouds.

Lead on

with the comfort and confidence

that the foods you create will benefit
from the finest fiber on earth.

**Enhance your food
as nature intended.**

Your consumers deserve more than the average fiber found in most foods. They deserve the comfort, control and confidence that Sunfiber delivers. Sunfiber is a unique galactomannan prebiotic fiber that promotes a healthy digestive balance. Ideal for enhancing cereals, bars, yogurts and more, its qualities are superior to most soluble fibers. It's natural, low calorie, and 100% gluten free with no negative effect on taste or texture. Discover how Sunfiber can elevate your foods at Sunfiber.com/food.
