On the science.

On the crystal clear quality

that stands alone.

Suntheanine

Setting the Standard

Trust Suntheanine to consistently meet the high quality standards your supplements demand based on our clinical research, safety support, international patents, and consumer brand recognition.

Did you know . . .

Consumers look for Suntheanine by name. Supplement companies are redirecting their focus away from low cost ingredients to concentrate on top quality, proven safety and brand reputation.

Boosts Big Brands

Currently in hundreds of products, many of the top national supplement brands trust Suntheanine to meet their high quality standards.

Focus on Innovation

What is Suntheanine?

Suntheanine is the trade name for Taiyo's isomerically pure L-theanine produced via a patented enzymatic fermentation method. Suntheanine is easily incorporated into foods, beverages and supplements, with no negative impact on taste, color or stability of the product. Suntheanine is Kosher, Halal, and GMO Free.

What is the regulatory status?

Since 1994, Suntheanine has been safely consumed in beverages, foods and supplements. Suntheanine has GRAS affirmation with a Letter of No Objection by the U.S. FDA (GRN000209) and regulatory approval in Canada and other countries.

What's the recommended use?

Suntheanine is most effective in the 50 to 200 mg range based on clinical studies. Suntheanine is not affected by food intake so it may be consumed at any time. Effects can typically be felt within 20 to 30 minutes.

What claims can be made?

Based on clinical studies conducted specifically on Suntheanine brand, Suntheanine improves focus, attention and clarity, reduces the negative effects of caffeine, improves the quality of sleep, and promotes a calming, relaxing experience.* Please contact us for a full list of substantiated claims.

Product Identification

| | |
|-------------------|--|
| Chemical name: | L-glutamic acid-γ-monoethylamide |
| Synonyms: | L-theanine, N-ethyl-L-glutamine |
| Chemical Formula: | C ₇ H ₁₄ N ₂ O ₃ |
| CAS Registry No: | 3081-61-6 |
| HTS Number: | 2924.19.8000 |

Specifications

| | |
|--|--------------------------------|
| Description | White crystalline powder |
| Purity | Not less than 98.0% L-theanine |
| Particle Size | Not less than 95.0% through |
| Bulk Density | 0.25 ~ 0.50 g/cm ³ |
| Loss on Drying | Not more than 1.00% |
| Residue on Ignition | Not more than 0.20% |
| pH | 5.0 – 6.0 |
| Chloride (as Cl) | Not more than 0.021% |
| Specific Rotation | +7.7° – +8.5° |
| Heavy Metals (as Pb) | Not more than 1 µg/g |
| Arsenic (as As ₂ O ₃) | Not more than 4.0 µg/g |
| Cadmium (as Cd) | Not more than 1 µg/g |
| Lead | Not more than 1 µg/g |
| Mercury | Not more than 0.1 µg/g |
| Standard Plate Count | Not more than 1,000 cfu/g |
| Coliform | Negative / 0.1 g |
| E. coli | Negative / 0.1 g |
| Salmonella | Negative / 375 g |
| S. aureus | Negative / 0.02 g |
| Mold | Not more than 100 cfu/g |
| Yeast | Not more than 100 cfu/g |

Stability and Storage

In its original unopened packaging, may be stored at room temperature at least 36 months from date of production. Store in a cool, dry place away from heat and direct light.
